8.	On 6 February, eight AA guns of about 80 mm caliber with muzzle brakes and	
0.	six medium AA guns with funnel-shaped nuzzle brakes were atill observed in	
	that section of the barracks installation in Kagran (P 49/X 49) which quartered an AAA unit.	50V4 III
	Tank trucks marked at the fuel dame	50X1-H
	of the installation	
	Twenty-seven armored vehicles were in the barracks section which	
	noused a tank unit. Fight of them seemed to be Shchuka wodels. The closed	
	garages were canable of sheltering about 25 more armored vehicles. Two SU-100 SP guns entered the installation, while a third SP gun of about 120	
	am caliber was parked in the bill time area. Troops were instructed in the	
	use of mags and compasses at the drill field between the barracks installatio and the athletic field. Trucks entering or leaving the billeting area, driven	on 1
	by soldiers wearing red-lerdered black epaulets	50X1-H
